I WONDER

Have you ever been enthralled by the wonder of nature? The clouds drift lazily by, white and fleecy. The sun, refulgent, envelops the earth with its rays. A tree, tall and stately, rises. Its arms seek to grasp everything within reach. A stream ripples by. Now it is calm and gentle, but this same stream can be turbulent and mighty. A stone looms up, gray, cold, and stern. The buds on the lilac bush are ready to burst open, filling the air with their fragrance. The meadows, verdant, abound with life. The smell of spring is in the air. A mountain arises in the distance, stately and majestic. Through the sky flutters a bird, beautiful and carefree. A squirrel scampers up a tree. Perhaps a child's laughter can be heard, symbolizing purity and innocence. And then I wonder, why is nature thus? Why, when, and how did all this come into being? While I am trying to solve the mysteries of the universe, I am overwhelmed until I realize that neither I, nor any other mortal, can comprehend all things. Then I know that there must be some divine being whom we call God, whose power is supreme. I no longer try to interpret the universe, for He will do this for me. I feel safe and secure.

THE STORM

The wind outside is blowing wild,
Swirling the leaves around;
The wind outside is blowing strong,
Making a lonesome sound.

The sky outside is dark and gray;
The sun has gone from sight;
The sky outside is dark and disturbed,
Hiding from us the light.

The rain outside is beating down
In sheets, half rain, half sleet;
The rain outside is streaming down,
Like a courser, swift and fleet.

The wind is blowing, the sky is dark,
It's raining hard and free;
But in my cottage, snug and warm,
It's cozy as can be.

SUMMERTIME

My heart delights in summertime
When we are free from school,
When we get an ice cream soda
Which helps to keep us cool.
We go down to the corner drugstore
And meet the kids in town,
And we plan a lakeside picnic
If the heat doesn't get us down.
When August comes, we've had enough,
We're waiting for the fall
When the schoolhouse doors will open
And the bell rings down the hall.
Then come school, and work, and books,
And teachers in our hair,
And one thought overwhelms us
Life doesn't seem quite fair.
A sad heart dwells within us
Till, staring at the sky,
We suddenly remember
It'll be summer by and by.

DISAPPOINTMENT

My greatest disappointment was the Caribou game at Old Town. All during the season our goal had been to make the tournament. When we beat the Brewer team, our hopes soared to an all-time high. Now our aim was to conquer the Caribou Vikings.

Thirty-two minutes of play would determine our fate. Would we survive or perish? Tensions almost jumped from the crowd as the ball was thrown up for the tap. After a close first half, the bottom of the barrel seemed to fall out in the third quarter. In the fourth period Caribou extended its lead to fifteen points with five minutes left to play, but we attempted a come-back, and with two minutes to go we were six points down and were pressing hard in a desperate attempt to win. Our fate was determined, however, and Caribou won by nine points.

This loss made me feel more miserable than any other loss during the season. Nothing mattered to me any more. After I showered and got ready to go, I noticed the sign over the dressing room door. It said, "If you gave a hundred per cent, you won." After a little thought, I realized that the loss was not a disaster, but my disappointment was still great. For the first time in several years an Old Town team would not be playing in the tournament.

THE HIDDEN TECHNIQUES OF DEBATING

Some people think that debating is just a discussion of a relatively dry subject. To be sure, there are the four constructive speeches, which consist of proof of whether or not there is a need for a change in the present plan, and a plan which would satisfy this need. Then there are the rebuttals, the open combat between the two teams, which really determine the result of the debate. Some of the techniques of debating, however, are not obvious.

One technique is that of confusing your worthy opponent. This is a very sly, cagey approach, where you throw the poor boy onto the wrong track. For example, when the speaker reaches a trivial or easily refutable point, give him a bewildered glance. Just make sure the judge does not see you. Your rival will then think he has you swamped and will proceed to dwell on this one point. Then, very calmly and innocently, you walk to

the lectern and eastily refute his entire case, because he has wasted his time on a trivial point.

Another trick which works quite well is the art of making the judge see that you are being bullied. Such strategy works only for girls. After your opponent has ranted and raved about your case, you quietly take the stand and explain that there is no need for such confusion because you plan is certainly easy to understand.

Still another technique is to observe the judge closely to analyze his reactions. Such an analysis is extremely important, because the decision depends entirely upon the honorable judge; therefore your speech must appeal to him. Judges vary. Some like a quiet, sincere approach, with pure logic presented. Others prefer a forceful presentation with a continuous flow of facts and figures.

Now that certain hidden techniques have been exposed, how could anyone believe that debating is just a dry discussion?

THE WATERFRONT

It is dark now, and the fishing boats have returned to harbor. It has been a hard, rough, windy day. The old boats have settled down once more as the sea fog creeps over the docks. The water is cold and black. Yes, it has been a hard day, but the old fishermen have caught their limit. Now the nets are hung to dry, and the docks are empty. The old ships sway back and forth in the wind. It is quiet along the waterfront. The doors of the boat houses and shops are being closed. The lights go out along the waterfront. Tomorrow is another day, another day to take out the boats and lay out the nets, another day for the old fishermen to tell their tales. They have had their fun; now, old and retired, they live on the waterfront.

ROCKETS OR A SAUCER

Riding a flying saucer furnishes much entertainment. Nothing is more fun than coasting down the Milky Way with cares thrown to the wind. You might stop at the Big Dipper for a leisurely summer afternoon swim. You must be cautious while swimming there, for if too many saucer riders sun bathe on the handle, the Dipper would tip and spill the water. Orion would then go to the Atlantic to fill the Dipper again. On Halloween it is fun to rearrange the stars, but precaution must be taken not to move the North Star, thus causing ships to be thrown off course. Spring is cleaning time. A little star dust and a small cloud can be used to polish the stars so they can sparkle and twinkle for the proms at graduation time. The rainbow is the most colorful sight in the heavens. It is a jubilant sign, indicating the end of a storm. If you are especially adventurous, you might glide down the rainbow in search of the pot of gold. Many saucer riders enjoy listening to the tales of "the man in the moon," for he can tell the history of the universe. When the day is foggy, saucer riders must be cautious not to collide with a star. The collision could ruin your saucer or hurl you into space. Also the star would be off balance with only four points and would start tumbling through the sky. On the beautiful nights of the year it is fun to dream while gliding on the moonbeams.

You should choose a night when the moon is full, however, since it is difficult to guide your saucer on the slim moonbeams of a new moon. For any youth who owns a flying saucer which can carry him into the majestic heavens, there is much enjoyment lurking there.

If I could be

MOTHER

Mothers can be wonderful! The trouble is that we just do not realize how wonderful mother is until she has to be gone for a little while. We seem to take for granted the freshly ironed and mended clothes, the delicious smell of peanut butter cookies, or the aroma of the apple pie that she is baking just for us. It is always comforting to come home after school and find Mother there and to know that when we go up to our room, we shall find it neat and clean. Sometimes she scolds us or doesn't let us have our way. Then we become angry and resentful, but we are soon sorry we acted as we did, because we realize Mother has lived a little longer than we have and that she is usually right. Then the blow falls. Mother has to go away. Perhaps she will be gone for a few weeks, or perhaps it will only be a few days, but time seems to stretch forth into eternity. The house seems empty now. For some reason the meals never taste right. The clothes pile up in the hamper. What a mess the bedroom is. The bed hasn't been made for days. Clothes, papers, magazines, books, bobby pins, and stuffed animals are strewn from one corner of the room to the other. What has happened? Why isn't someone here to take care of all these things? And then, all at once, it hits us — Mothers *are* wonderful!

MACHINE GUN ON THE PROWL

Before we begin the story, you ought to know who Machine Gun really is. This great gunner is my famous brother, Matt. He earned his name while on an expedition on Sunkhaze Stream.

Matt had been hunting for many hours before he got his first real thrill. He had covered an area of about five square miles, when a real buck, not a phantom, started to gallop at full speed over a field and into a thicket. Matt, all shook up, fired seventeen shots and hit every tree in Sunkhaze. This famous deed gained for him the name of Machine Gun.

Another one of Machine Gun's famous deeds occurred on his first trout fishing trip. Starting to fish at the mouth of the Sunkhaze and catching everything but trout, he followed the stream in for about a mile and tried again. This time he struck a little luck and caught two undersized trout, which he didn't want to throw back. Just then along came the warden. Matt, with superb thinking,

stuffed the two fish into his pockets and saved the day.

Machine Gun's third escapade happened when he and a friend started on a special hunting trip up the Penobscot by motorboat. It was a warm Sunday afternoon. About two miles up the river they met a friend, the warden. He just checked the gas and the boat and then let them go on their way, but this was not all that the warden had in mind. He circled around an island, caught up with the boys, and gave them an invitation to appear in court on Monday morning — Machine Gun's birthday.

WHAT IS A TEACHER?

A teacher is a complex person. She is the captain of the ship, "The Classroom," but actually she only guides the children who are on board. By her tone of voice and her manner of greeting them each morning, she sets the stage for each day's work. The teacher has a sense of humor which enables her to see the funny side as well as the serious side of any situation. As the teacher works with the children, she realizes that she is facing the challenge of building the citizens of tomorrow; and like an artist she molds and helps each individual to develop his abilities in reading, writing, and arithmetic. Her task is not simply to teach the required subjects but to stimulate a desire to learn and the power to think, as well as to develop proper attitudes toward health and conduct. The teacher is sympathetic and understanding, sensing the children's needs and sincerely desiring to help them. Her greatest rewards are joy and satisfaction.

A MOMENT OF SUSPENSE

The score was two to nothing, as I approached the plate;
It was my turn at bat and I wasn't any too late.
I had to hit a homer so that we could take the lead,
For the score was two to nothing, and a homer we did need.

I stepped up to the plate and got ready for the pitch;
Down came a slow ball, so slow I could see the stitch.
The count stood one and nothing as the pitcher threw a curve;
I got all ready to swing, but I didn't have the nerve.

Here I was with the bases loaded and a count of two and one;
On the next pitch I hit the homer, and the baseball game was done.
What a crowd of happy faces — all except a few;
Our team had won an upset, title and trophies too.

HUNTING THE SNOWSHOE RABBIT

Most people have no idea of the work involved in rabbit hunting. When the hunter arrives at his destination, he puts his beagle on the trail of the speedy little cottontail. After the dog picks up the scent, the greatest task of all begins: to shoot the elusive rabbit.

The hunter makes his way toward the spot where the rabbit is likely to appear. Getting to that point is a job in itself. If there is much snow, the walking is rather rough, the snow usually being deeper in the woods than in open country. The hunter must crawl under fir trees laden with crystal-white snow. There is also the danger of stepping into a spring-hole of ice cold water.

After the hunter has found a suitable place to wait for the hound to chase the rabbit into sight, he must try to keep himself warm while moving as little as possible, because a rabbit can see almost any movement even from a great distance. The hunter must not fool himself into thinking that the rabbit is far away just because the dog's bark sounds distant. The little snowshoe could be sitting within a very few feet of the hunter.

Eventually a small, white creature will show itself from behind a clump of fir trees, or he will come hopping down the path. Since the hunter has only a chance for one or two shots, he must make the most of what little time he has. If a hunter is lucky enough to kill three or four of these small but tricky creatures, he can count himself as being unusually fortunate.

Next, the hunter, who has unknowingly walked many miles into the woods, must call his dog to him and start the long trek back. When he finally reaches the car, it is a welcome sight for both the hunter and his dog. The dog will curl up in the back seat while the hunter heads the car in the direction of home.

It is obvious that rabbit hunting is no sport for the weakhearted.

TEENAGERS AND ALCOHOL

Why do some teenagers drink alcoholic beverages? This is a common question and one which has many answers. Some teenagers drink because their friends do. "All the other kids drink. Why shouldn't I?" they ask. Their reasoning is typical but invalid, the result of immature thinking. They do not realize that alcohol is a depressant, not a stimulant. They think that alcohol makes them "feel good"; however, if they could see themselves when they are slightly intoxicated, they would realize how foolish and juvenile their behavior is. Other teenagers drink to drown their sorrows and worries. "I'm drinking because I had a fight with my girlfriend" is a common excuse. These people are weak-minded. They are not big enough to stand up to their troubles and solve them. Still others drink because they think they have nothing else to do. They are the ones who are seeking relief from boredom. Teenagers give many reasons for their drinking, but each excuse can be proved unstable and worthless.

GOD'S LOVE

God's love is universal;
It makes the world go round.
One reads it in the poet's words;
It's heard in every sound.
The laughter in a child's voice,
The love in a mother's eye,
The flowers that blossom in the spring,
The tide that rises high.

YE OLDE CLASS WILL

Hear ye, hear ye. We, the superior class of 1958, of Old Town High School, City of Old Town, County of Penobscot, State of Maine, Country of the United States, on the Earth, being of sound mind and body, do hereby bequeath our many virtues to the inferior underclassmen, who have been eagerly awaiting this day.

To the juniors, we leave the science teacher, who will always warn them not to sit in the front seat when he is doing demonstration experiments.

To Jean (Amiable) Parady, Judy (Likable) Pratt has consented to leave her sophisticated personality.

Sandra (Go Get 'Em) Lee leaves her book, *How to Flirt,* to Sharon (Eyelashes) McPhee. Sandra says, "Don't let the secrets out."

Richard (Legs) Murphy leaves his long legs to Aubrey (Body) Morgan. Stand straight, Aubrey!

Stanley (Ha, Ha) Fish leaves his joke book to Gary (Navy) Greene. Use it with caution, Gary. It can be dangerous.

To Gloria (The Voice) Ouellette, Beverly (Twinkle Toes) Dube leaves her dancing skill. Be careful of the dips.

James (Roverboy) Saindon leaves his fondness for sophomore girls to Eugene (Yak, Yak) Hunt. Treat them well, Gene.

Carol (Renoir) Como leaves her artistic talent to any junior or sophomore who likes to draw caricatures.

Joan (Tommy) Tait leaves her bottle of "Sunshine" to Lynda (Diamond) Wadleigh with the warning, "Be sure to get those roots."

Linda (Ginger) Stewart leaves her ability in dramatics to Barbara (Helen Hayes) Bishop. Remember, Barbie, that this talent is to be used on the stage only.

We hope that the underclassmen will use these gifts to the best of their ability.

DEBATE CLUB

On September 10, 1957, the Old Town High School Debate Club held election of officers. Those elected were as follows: co-presidents, Kenneth Morgan and Richard LeVasseur; secretary, Barbara Bishop; treasurer, Debora Cutler.

The Debate Club, under the direction of Mrs. Mina Coffin, had a very successful season. The club was host for the Bates League Debate Clinic, in which Debora Cutler, Royce Flood, Richard LeVasseur, and Kenneth Morgan participated. Kenneth Morgan was chosen to participate in the final discussion panel.

A pre-season practice debate was held at John Bapst High School.

On February 14, the debate season opened with the University of Maine Debate Tournament. Participating in the novice division were Orella Collins, Norma Cote, Arline Cousins, Royce Flood, Michael Pearson, Mary Pollard, and Stuart Rich. In the varsity division were Barbara Bishop, Ann Buchanan, Mayra Colon, Debora Cutler, Richard LeVasseur, and Kenneth Morgan. Debora Cutler, Mayra Colon, Richard LeVasseur, and Kenneth Morgan remained in the February 16 rounds of debate.

This year again the Debate Club tied for first place in the Penobscot Valley Conference. The tie was with Orono and Bucksport High Schools.

In the preliminary round of the Bates League Tournament, Old Town's affirmative team won a unanimous decision over John Bapst's negative team, and the negative team, a unanimous decision from Bangor High's affirmative team. These victories permitted the Old Town team to participate in the finals at Bates College. The teams, composed of Ann Buchanan and Richard LeVasseur on the affirmative, Debora Cutler and Kenneth Morgan on the negative, won second place in the state. The debaters were awarded individual medals and a trophy was presented to the school.

SENIOR PLAY

A sparkling three-act comedy entitled "Time Out for Ginger" was presented by the class of 1958 on November 8, 1957, at the high school auditorium under the direction of Mrs. Mina Coffin. The amusing trials and tribulations of the Carol Family came to a climax when "Ginger," a tomboy, attempted to uphold her "constitutional rights" and her philosophy of "whatever the boys can do, the girls can do as well or better." She went about proving her conviction by trying out for the local high school football team and making the squad. Humorous situations provided an evening of hilarious entertainment for both the cast and its audience.

The play selection committee consisted of Marjorie Bradeen, chairman, Sandra Lee, and Willard Shaffer. Members of the cast were Linda Stewart, Louise Oakes, James Saindon, Robert Dow, John St. Peter, Frank Carr, Sandra Lee, Sandra Shaw, Judith Stairs, and Walter Goodwin.

FUTURE HOMEMAKERS OF AMERICA

With the opening of the school year, F. H. A. activities began. At the first meeting, the club elected the following officers: president, Mary Lou Ouellette; vice-president, Lorraine Peterson; secretary, Lynda Wadleigh; treasurer, Marilyn Hutchinson; parliamentarian, Barbara Sturgeon; historian, Addie Polk.

In October, Marvin Meyer, professor of zoology at the University of Maine, talked to the F. H. A. about his tour of New Zealand and other parts of the world. F. H. A. members have established pen pals in New Zealand.

November 4, at the initiation ceremony new members were welcomed. Mothers of the F. H. A. girls were present.

At Christmas the members filled a basket of gifts for the orphanage in Bangor.

December 13, Remiko Tanaka from Japan and Mrs. Boonchua Chaiyabhat from Thailand talked on teen-agers in their countries. Their native costumes were modeled by F. H. A. members. In January Major Colon, instructor in R. O. T. C. at the University of Maine, showed slides of foreign lands which he had visited.

February 3, Mayra Colon was elected vice-president.

At the basketball games, the club served lunches to the visiting teams and sold sandwiches and coffee to the spectators.

In February, Louise Ketchum participated in the Annual United States Cherry Pie Baking Contest in Chicago, as a result of her winning the State of Maine Cherry Pie Baking Contest. Mrs. Elizabeth Meyer, faculty supervisor of the F. H. A., accompanied Louise. When they returned, Louise gave to the F. H. A. girls a report on her trip.

FUTURE FARMERS OF AMERICA

The FFA, under the supervision of Mr. Clarence Spearin, had a successful year. Chapter officers for 1957-58 were as follows: Francis Oakes, president; Richard Jenkins, vice-president; James O'Connell, secretary; Vinal Kimball, treasurer; Gary Eldridge, reporter; Harold Young, sentinel.

This year for the first time the chapter had 100 per cent membership with sixty-eight members. This is the largest membership of all the chapters in the state.

On October 9 the District Leadership Conference was held at East Corinth Academy. All officers attended, together with the teams entering the contests.

For the second consecutive year, teams from the Chapter won the poultry judging and Grand Championship trophies at the Farmer's Fair, held at the University, November 16.

This year's co-op farm business produced a total income of $3,498.94 and a net income of $1,633.73. Labor hours by members totaled 2,573.

On February 20 the Chapter Farmer Degree Ceremony was held in the school library. The degree was conferred by the Collegiate Chapter officers from the University. Members from Old Town, Corinna, Dexter, and East Corinth received the degree.

Dean Beers was the winner of the local electrical contest.

Joseph Hoxie represented the Chapter in the District FFA speaking contest in Bucksport on April 30.

The District Chapter Meeting contest held at Old Town on May 14 was won by the Old Town Chapter.

DRIVER EDUCATION

The Driver Education program at Old Town High School for the year 1957-58 has been under the direction of Mr. Frank W. Smith. Initiated in January, 1955, the program has now been functioning for seven semesters.

During the spring semester, an auto-trainer was secured for a two-week period. This device is particularly useful in the teaching of steering and in training drivers to focus their eyes in front of the automobile.

Those who took driver education the first semester, 1957-58, include Mary Braley, Pearl Brayson, Margo Brissette, Ann Buchanan, Jacqueline Cote, Arline Cousins, Robert Dow, Nelson Feero, Gary Greene, Gloria Guay, Loretta Kennedy, Pauline Lozier, Sandra Oldenburg, Frank Ouellette, Mary Ouellette, Phyllis Rand, Carol Rogers, John St. Peter, Sylvia Snare, Audrey Stuteville, Patricia Taylor, and Linda Webb.

Enrolled for the spring semester were the following: Jack Anderson, Donna Baillargeon, Mary Beaulieu, Carole Casey, Mayra Colon, Joseph Cyr, William Dionne, Carol Dow, Lyman Feero, Stanley Fish, Janice Jackson, Barbara Jarvis, Louise Ketchum, Janice Leavitt, Wayne Levesque, Mary Manley, Deanna McLaughlin, Robert Murphy, Gloria Ouellette, Harold Ouellette, Addie Polk, Brian Richard, Charles Soucy, and Arthur Turner.

USHERS

The following students were chosen to represent Old Town High School as ushers for 1957-58: Cecile Bouchard, Annette Briggs, Peggy Julian, Louise Ketchum, Linda Stewart, Judy St. Lawrence, Mary-Ann Strout, Frank Carr, Wesley Darling, Walter Goodwin, Clyde Grant, Fred King, and Gordon Richards.

The duties of the ushers consisted principally of ushering the large number of season ticket holders and out-of-town guests during the basketball season. They also served as receptionists at various events during the year, such as the annual Open House and Career Day programs at Old Town High School.

The ushers worked under the direction of Principal John W. Abbott and Mr. Thomas A. Viola, and they appreciated the privilege of representing Old Town High School.

VARSITY BASKETBALL

Under Coach Lowell Osgood, the Old Town varsity basketball team compiled a record of eight wins and eleven losses. The record, however, does not tell the complete story. The team lost five games by fewer than four points in a schedule which included many of the top teams in the state. One game was an overtime loss to Brewer, and another was the one point loss to the highly rated Bangor Rams.

Congratulations are in order for Coach Osgood, who, with only one returning letterman, did a fine job of coaching. Congratulations are also due to Tom Cyr. He received honorable mention in the All-Maine Team balloting.

For their fine exhibition of basketball and their sportsmanship, the squad members, together with managers James King and Don Ketchen, were rewarded by the Athletic Council with a trip to Lewiston to witness the state finals.

JAYVEE BASKETBALL

Once again the Old Town Jayvee Basketball team proved it was one of the best in the state as it finished the season with a record of fourteen wins and only two losses. One of these losses was administered by a fine Mount Desert team, which won the State Class S Championship this year. The Jayvees, coached by Bernard MacKenzie, have an outstanding record for the past several years of 78 victories in 81 games.

Boys who provided much of the action during the season were Henry Mudgett, Clifford Phillips, Thomas Richards, Bill Shirley, George Therrien, Brian Thibodeau, and Harold Young. Other players on the squad were Cal Cloutier, Clayton Duplessis, Bruce Oberg, Reuben Phillips, Bev Parady, Wayne Young, and Ronald Morin, manager. James Sappier, Aubrey Morgan, and Ronald Parady were moved up to the varsity squad during the season.

TRACK

The Old Town track team, under the guidance of its new coach, Abner Toothaker, completed another successful season in 1957. The team was undefeated in dual and triangular meets as it went into the P. V. C. meet, where it took first place, thus retiring the P. V. C. trophy by gaining the third leg. Old Town later placed seventh at the state meet.

Harvey Mitchell again distinguished himself as a top point gainer for Old Town as he consistently placed well in his various events. Harvey placed first in the high jump in the state meet and well represented Old Town for the third successive year in the New Englands.

Seniors on the 1957 squad were Paul Baillargeon, John Davis, Paul Guerin, Floyd Inman, Richard Leonard, Martin Michaud, Captain Harvey Mitchell, Earl Nelson, and Robert Sutton, manager. Juniors were Ernest Gallant, Ralph Guay, Richard Jenkins, Francis Oakes, and Steve Thibault. Sophomores were Lyman Feero, Nelson Feero, Ronald Hall, Douglas Laskey, Reuben Phillips, James Sappier, and Gary Greene, manager.

CROSS COUNTRY

The Old Town cross country team, coached by Bernard MacKenzie, compiled a much improved record over the previous season as it finished the regular season with a record of five wins and two losses. Old Town placed third in the State Meet and went on to place eighth in a field consisting of the eighteen top teams in the New Englands.

Special credit must go to Captain Francis Oakes, as he broke records at Guilford and Waterville and finished first in his specialty in nearly all the meets.

The 1957 letter winners were as follows: seniors, Wesley Darling, Robert Jenkins, Dave McKinnon, Captain Francis Oakes, and Fred King, manager; juniors, Lyman Feero, Ronald Hall, Douglas Laskey, James Sappier, and Charles Soucy. Carroll Kennedy, assistant manager, received numerals.

Members of the Jayvee squad were George Therrien, Dave Goodwin, Marshall Hall, Bernard LaBree, Paul Lozier, Paul Ouellette, and Wayne Ouellette.

MAJORETTES

The majorettes, directed by Mr. Franklin Grant, had another successful year of entertaining spectators at games and parades. They participated in the Santa Claus parade in Bangor and the Armed Forces Day parade in Brewer. This year the majorettes also traveled to Camden to participate in the Maine Music Festival.

During the basketball season the squad received new uniforms designed in a military pattern, and many compliments were received during the year from spectators who enjoyed the varied drills and exhibitions.

The girls who twirled this year were as follows: seniors—Sandra Lee, leader, Nancy Brown, Norma Burns, Mary Lou Ouellette, Judy Stairs; juniors—Jean Parady, Lynda Wadleigh, Judy Thibault, Addie Lou Ogden; freshmen—Sharon McCannell, Rebecca Ogden, Marilyn Wickett.

The color guards this season were Jean Parady, Judy Thibault, Norma Burns, and Addie Lou Ogden.

SANDRA LEE '58

CHEERLEADERS

The veteran cheerleaders returning to the squad this year were Betty Burr, Beverly Dube, Nancy Cloutier, Rosemary Rich, Carol Dow, Dorothy Martin, and Gloria Ouellette.

As a result of early-fall tryouts, Joyce Cote, Donna Pinkham, and Barbara Sturgeon were chosen as cheerleaders from the sophomore class.

The cheerleaders were favored with new uniforms and new megaphones for the basketball season this year. Many cheers were worked on, and several changes in old cheers were made. In the latest revision of the Indian cheer, Carol Dow did the peace pipe dance.

By assisting in providing supervised transportation, parents and local followers of games made it possible for the squad to attend many of the out-of-town games.

Mr. Thomas Viola competently served as the cheerleaders' director.

BASEBALL 1957

Before the diamond was ready for use, Coach Bernard MacKenzie issued the call to prospective candidates for the baseball team. Because the new baseball field was not yet completed, Victory Field was converted into a temporary baseball field for practice and games.

Behind the pitching of Durwood Pond and Wayne Turner, the Indians completed a very successful season. The team record was seven wins and two losses. In P. V. C. play the team had a five and one record, winning the P. V. C. honors and capturing the huge trophy, having previously earned two legs on this award.

Backing up Pond and Turner were Gary Eldridge behind the plate, Chet Littlefield on first, Don Sturgeon at second, and Tom Chappelle and Tom Cyr on third and shortstop respectively in the infield. Covering the outfield were Ed Delaware, Ken Sirois, and either Turner or Pond. Reliable reserves were Jim Martin, Walt McAllister, James King, Dave McKinnon, Bill Dionne and Joe Cyr. The managers were Fred King and Richard LeVasseur.

The most outstanding feat of the year was Wayne Turner's no-hit, no-run game against Orono.

Next year Coach MacKenzie will be building, as he will have only three returning starters.

GIRLS' SOFTBALL 1957

The softball team for 1957, under the direction of its coach, Mr. Alan Cederstrom, finished the season with a record of two wins and five losses.

One of the most exciting games was with Bar Harbor, in which Old Town won a one-point victory. Another win for the Indianettes was over Orono.

The girls displayed outstanding sportsmanship and fine team spirit throughout the season.

The team lost four outstanding members at graduation last year, as well as its coach.

We wish for the 1958 team a victorious season.

Members of the squad were as follows: seniors, Betty Cote, Evie Feero, Joyce Francis, Rosalie Harris, Sandra Laskey, Sara Pearson, and Irma Young; juniors, Esther Blair, Annette Briggs, Margo Brissette, Peggy Julian, Sandra Lee, Pauline Lozier, Sandra Oldenburg, and Mary Slager; sophomores, Ann Buchanan, Sharon Costigan, Debora Cutler, Joycelyn Gifford, Janice Leavitt, Judith Robbins, and Rosalie Young.

FOOTBALL

This year's football schedule had two games less than usual. One team was forced to drop from the schedule because of other conference commitments, and another school found it necessary to cancel a game which could not be rescheduled; however, the team had a highly successful season. Old Town High School's record was four wins and one loss, that being to the state championship Brewer team. The game with Madison High was cancelled because of the flu epidemic.

Members of the squad were as follows: seniors, Co-Captains Tom Cyr and Steve Thibault, Richard Dubay, Stanley Fish, Ernest Gallant, Clyde Grant, Ralph Guay, James King, Richard Leonard, James Martin, Walter McAllister, and Wayne Turner; juniors, Gerald Blair, Harold Cunningham, Joe Cyr, and James Morin; sophomores, Henry Mudgett and Brian Thibodeau.

One of the highlights of the season was the naming of Steve Thibault to the "Teen" magazine schoolboy All American Football Team.

The team was creditably coached by Abner Toothaker. Coach Toothaker and his assistants, Stora Emmett and Lowell Osgood, deserve much credit. Managers of the team were Brian Richard and Ronald Wilbur.

"Old Town Canoes"

Swift and steady and easy to handle

"OLD TOWN CANOES" are patterned after actual Indian models. They are sturdy and fast and remarkably light in weight. Perfectly balanced too—they handle with the utmost ease. If you want the finest of fine canoes, get an "Old Town." Exceedingly low in price. The "Old Town" catalog gives detailed information about all models, including square stern canoes, sailing canoes, dinghies, etc.
